Enjoy Your Vacation With Us!

European International Center For  
Economic And Business Development

## INDIA OUTBOUND PROJECT :

Since 2004, we started FITs (Free / Family Individual Travelers) and "Indian Businessmen" arranging their post business meetings tours not only to the most popular tourist destinations but most importantly to unique / unknown tourist spots unknown to the Indians which still stayed in their memories. Further we took over the charge of small and medium tour and travel agents. Today we operates by setting its travel agents network from all potential parts of India.
